Dear Jalehan, Nasirinez?

This to accompany the
Cast of the neck of the Santa Barbara
bronze head (very fragile silicone)

- and also the mould from which it
was made. If the cast breaks you
can have a new one made from the
mould.

I hope that this is helpful
and that you can figure out whether
the head is from Boubon. I hope
we see each other in Ankara at
the TTK Congress next week,

- but I want to leave the cast +
mould in Antalya for you.
