Prof. Jale Inan
Antalya Museum
Antalya Müzesi
Turkey

Dear Prof. Inan,

I received a call today from Prof. Ridgway who conveyed your request from Machteld Mellink for photographs of the bronze head of Lucius Verus in our collection (73.AB.100). Please find enclosed photographs of the four main views of the head. If you wish to publish these photographs, you will have to apply to the Registrar of this Museum for permission.

Sincerely,

Kenneth Hamma
