Dearest Tale.

I apologize for not writing sooner but all the activities over Christmas and then the New Year kept me too busy. Victoria and Tom came with their 3 children under 5 years of age and adorable but very time consuming. Alfred's niece from California brought her dog, a young cocker spaniel and added to my 2 poodles and a cat, that made for a lot of action. For New Year Tom and hymn and my eldest grand son were here so this is my first free evening.

Your report on the progress on the 4th column was very welcome and I hope by the end of last year you could have it re-erected. I'm glad Bahar is working out so well - both with you and Zeyneb. I'm sorry I didn't think to send you two separate checks as I see the lira goes down against the dollar a little each month.

I haven't heard from Tomi for nearly a month and those all went well for the honeymooners who should have arrived the 26th, I cabled her as she told me my last letter had taken 2 months to arrive. Yesterday when Yusuf Guldemir called to wish me happy New Year I asked him to call you to say I would write. In my last letter to Tomi I also said that the last 4 checks to Ahmet of \$300.00 each for Feb 15th - April 15th - June 15th + Aug 15th had all come back cleared by the Osmani bank to my bank in Baltimore so he should have had \$1200.00 in lira from them. I can provide the cancelled checks in Osmani has not given him all he should have received. I sent \$300.00 in \$100.00 Travellers checks via Tomi for him for Dec 15th. I hope they arrived.

Did you have a good holiday season? Were you in Side at Christmas? I'm anxious now to have a final report with pictures of last seasons work so that I can get out a new letter. I'll send an old one to Mr. Frank in Munchen. Thank you for his name and address. Love Jean
