Dear Huseyin & family

I was so sorry to hear of the death of Jole Joan. You must all miss her dreadfully.

If only I had been aware when I was staying with you of what a great authority she was on her subject and how important in the field of archaeology, but I shall always remember her as she was some 25 years ago - a very charming lady with a beaming smile and beautiful kind eyes.

My best wishes and deepest sympathies to you all.

Love Helen

Thinking of you
at this terrible time,

Best wishes

Helen
