Dear Frank,

I was very pleased to get your letter dated December 6, 1979, in truth the news you gave me was a great New year present.

I received the letter of the Director and the form only yesterday.

I am very grateful to you for encouraging me to apply for the fellowship and for your supporting without which I believed I wouldn't have the chance.

I am looking forward to meeting my old friends and colleagues in a year's time.

Sincerely yours,
