Dr. Feza Gursey
School of Mathematics
Institute for Advanced Study
Princeton, New Jersey

Dear Dr. Gursey:

Mrs. DeWitt is in the hospital, having just had a baby, and she asked that I send you the following information.

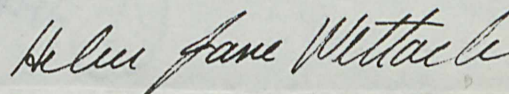

She will send your letter on to Dr. Omnes.

All of the persons who will teach courses related to your course are in Princeton - Dr. A. S. Wightman and Dr. S. B. Treiman. It should be relatively easy to plan the subject matter so that there will be no overlap. However, Mrs. DeWitt will send copies of her correspondence to all these people on to Omnes so that he can make suggestions to be considered by Drs. Wightman, Treiman and yourself. He will also indicate the approximate length of time of each of the courses.

Mrs. DeWitt is delighted to hear that you are going to have a baby.

Could you let her know, as soon as you know, if you will need travel expenses. There is a limited emergency fund which she feels sure can be used for you if necessary.

Sincerely yours,

Secretary to Mrs. DeWitt

hju
